N1 SMART LABEL PRINTER

The NIIMBOT N1 is a half-inch smart thermal transfer label printer. The printer's innovative design separates the paper from the carbon ribbon, which can print multiple rolls of label paper. Labels can be edited and printed with an intuitive mobile app, and last for 10 years without fading.

Print labels in four easy steps

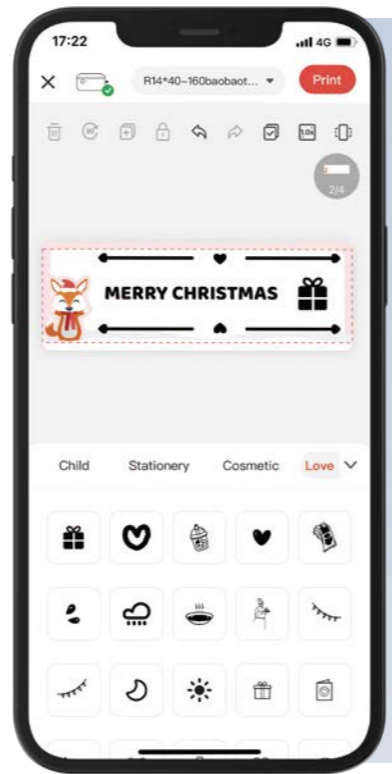

Dedicated app with intuitive features
Used by **10+ million** users

6500+ commercial label templates
Data is stored on the cloud so you can retrieve templates from your smartphone or computer and print with one touch.

Customize your labels with a diverse range of content
Choose from over 100 icons, symbols and elements Supports multiple languages, including Chinese, Korean, and English
